

Merry Christmas 2009

CARPORT blew away in a microburst one evening this spring. It took several weeks of hard labor and extra help to put it back together again.

MAUI in January for a week celebrating our 40th anniversary. It was a lovely, relaxing time for us. Toured the whole island and ate many wonderful meals. Danced to the local music. Watched glorious sunsets on the beach.

TRENTON's soccer team took first place in Big Sky State Games in July. He's continuing to play on Magic City team next spring and will travel the region. Exciting!

PLUS DANCING ON THE BOULDER! We had another great dance weekend on the Boulder River near Big Timber. About 50 dancers enjoyed this lovely spot to camp, play, dance and fraternize.

EMILY SOCCER was played in some bad weather – cold and wind and rain but she's tough and played hard. She wants to sing, dance and do crafts more than sports in the future.

THE SPERRY family shares good times often – as with Larry on his birthday. We're very fortunate to have the boys and their kids here in Billings. They keep us busy and we love it!

LARRY & SUSAN We have a couple of web sites where you can find all our dance activities. We'll continue to teach and travel as long as we're blessed with good health. It's a great life!
